This charming three bedroom cottage is great for first home buyers, young families or investors to grow their portfolio. Cypress pine floorboards, dado walls and high ceilings feature throughout the property with the main living area located at the front of the home. A Nectre woodfire heater provides warmth in the winter months as well as a Nobo heater in the kitchen/dining area which is offset by the 1.52kw solar system. There are ceiling fans in the main living room and 2 of the bedrooms.

This home has been lovingly renovated over the years with warmth and charm encasing every room. As you step down the hallway you will see each bedroom has its own unique characteristics to inspire the stylist in you. The master bedroom features French doors leading out to a private garden.
